- ◆ Feb. 22—George Washington's Birthday
- ◆ Feb. 29—Leap Day

Gallon Jugs Needed

During this time of the year, we study winter. We would like to build an igloo. In order to do so, we need 550 gallon jugs with the lids attached. We can use milk, water, juice, and tea gallon jugs. Just rinse out the container and lid. Let them dry before replacing the lid and sending the jug and lid to school. Thanks for helping us gather our "ice blocks" to build the igloo.

Valentines Day Parties

Our Valentine Day parties will be held on February 14th. The morning class will celebrate at 10:10 a.m. The afternoon and full day classes will celebrate at 1:40 p.m. Your teacher will send home a list of the children in your child's class so you may send Valentines to school.

Science Fair and Art Show

You are invited to attend our Science Fair and Art Show on February 9th at 7 p.m. All the classes are performing science experiments and will have them set up for display.

Also the halls will be filled with art work by all of the students. We hope you can attend to see the wonderful work our children are doing!

ECC Registration

We will continue to register children for the 2012-2013 school year. If you have a child or know of a child that will be four years old on or by September 1, 2012, that child is eligible to register for next year.

To register a child for next year the following items are needed: the child's birth certificate, the child's social security card, the immunization record and proof of your residence. A utility or cable bill can be used as proof.
