## IMPORTANT COMMENTS

Students are expected to complete the summer reading prior to the opening of school. Teachers will expect students to refer to selections during the English/Language Arts class through classroom discussions, literary analysis and writing activities. These classroom activities will be included in the overall grade for the class.

The required reading listed in this pamphlet reflects titles all students are expected to read and does not limit the use of additional selections within each teacher's classroom. Another title can be substituted for the required selection if a parent or student has objections to the content or language. Please discuss this with your child's teacher.

If you have any questions, please contact your child's school.
