

Greenwood School District 50 is providing **at-school accident insurance coverage** for each student in the district. This will be an excess policy or secondary policy. This means that you must first file on your personal insurance and then after your company has completed paying, you may file on the school insurance. The school insurance policy will pay a portion of the remaining balance of your bills, but not necessarily 100% of the balance. However, if you have no other insurance, it will be the primary insurance. ***This covers only incidents that occur at school.***
