

Pilot Procedures for Major Events

Clear Bag/Metal Detector Procedures for Major Public Events

Greenwood School District 50 strives to provide safe environments for students, staff, and families at all events.

This year, we will begin piloting enhanced security measures for all major events. Starting with this week's Greenwood High School Jamboree, all guests will be required to pass through metal detectors. A clear bag rule will also be strictly enforced.

Reminders

The following safety measures have been put in place to ensure the safety of all attendees:

- **Gates will open 2 hours prior to kickoff!**
- Metal detectors will be used at all entrances
 - Clear Bag Rule strictly enforced
- No weapons allowed including pocket knives of any size and those carried with a permit
 - No illegal drugs or alcoholic beverages

Thank you for your cooperation with these procedures! We appreciate your continued support of our schools and school district!
