

CodeRED® is a service by which government officials' in Abbeville, Greenwood, and Laurens Counties can notify residents by telephone (home and cell), e-mail, cellphone app, or text about emergency situations, severe weather or general information. The system is capable of sending messages to the affected portion of the county or to the county's entire population.

Additionally, the CodeRed system includes a weather warning capability which allows residents to receive notification of severe thunderstorm, tornado, or flash flood warnings. The system will only notify those individuals in the affected area as determined by the National Weather Service.

Examples of notifications include the following:

- | | |
|-------------------------------|--------------------------------|
| Chemical Spills | Drinking Water Contamination |
| Evacuation Notices and Routes | Missing Person |
| Gas Leaks | Disaster/Major Event Follow-up |
| Planned Outages | Street Closures |
| Dam/Levy Breaks | |

When CodeRED notifies you, the following are the phone numbers they will use:

- 1-855-969-4636 General Calls
- 1-866-419-5000 Emergency Calls
- 1-800-566-9780 Weather Warnings

In order to receive the notifications, residents will need to register their phone numbers (home and cell) and e-mail addresses. To assist with this, CodeRED has created a personalized webpage for each county.
